

Hello,

I am Freddie Frog from Fairfield's Primary School I am the school's logo! I like wearing a purple bow and being on most of the school uniform. I am green and I have white eyes with a big smile. I make the children happy with the fun activities we do at school. The children of Fairfield's love going to school. Most of the children love me as the school's logo. At school we have a massive playground; the top, bottom and middle playground are filled with screaming and laughing children at lunch time and break time. After school we have Freddie's club every day of the week, we also have it in the morning. It is £10.50 for each afternoon session. Sometimes we have different clubs like art, cars, tennis, blogging, cricket and rounders. Every year group has lots of work to do but most of the work we do the children have fun doing. The school is very old and the head teacher, Mrs Davies, loves the children at Fairfield's. The school has a massive ICT suite and library. In the library, the children get to pick out books to take home and read but they must bring it in the next week. In the ICT suite, the children work on lots of things. Each class gets different teachers every year. The school is great for children's education. There is an office in the school and if you have a question, or you don't feel good, or you have a piece of lost property, they will help you out. There are jobs for children like a voucher counter, the Wombles team, lunch time monitors and more. There is a staffroom for the teachers but no children are allowed up in the staffroom unless an adult has told them to. The school was built in 1887 so it is very old. On the top playground the children are allowed to eat their packed lunch in the summer. They are also allowed to eat their lunch underneath the canopy in the middle playground. We have lots of space here and we would be delighted to have your children. Come and join us!
